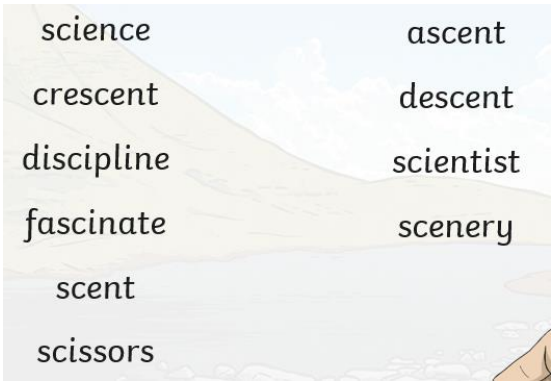
Week 3

English

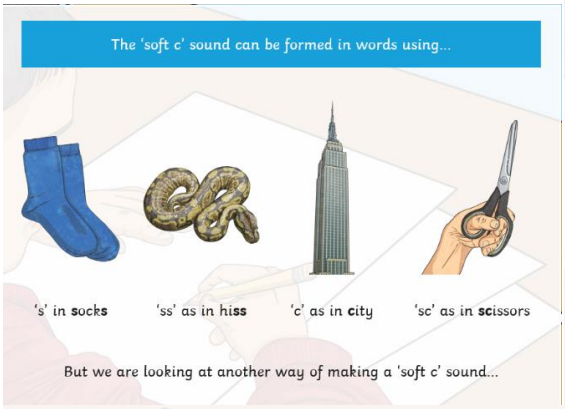
Friday 24th April

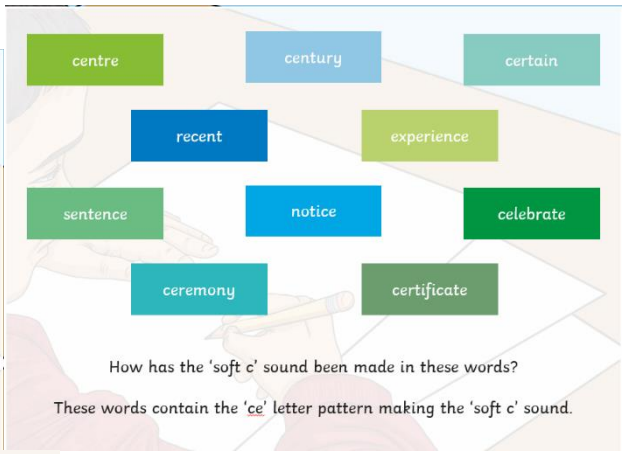
Practise your spellings from 2 weeks ago! How did you do?

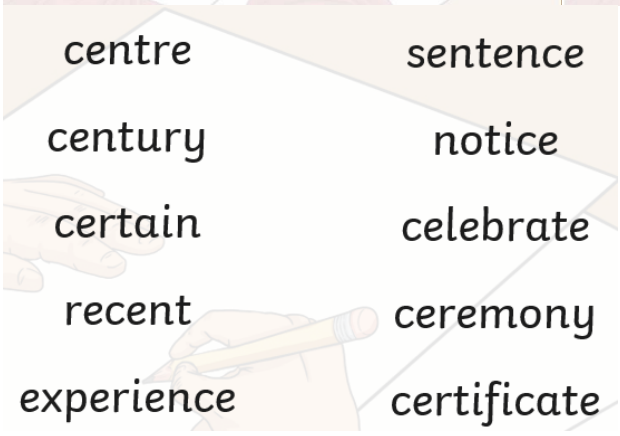
How did you remember them?



Here are your new spellings.







Here are your new spellings for this week. Practise through the week.

Maths

Friday 24th April

Starter: daily 10

IALT: reflect on my learning.

We have reached the very end of our fractions unit of learning! We will not be doing an end of unit check this time. Please spend some time reflecting on your learning about fractions. Create mind maps with brain bubbles like we did at school. Use the questions below to help you.

Reflection Time: Create brain bubbles in your book and think about:

What was your favourite lesson in this unit? Why?

What lesson did you find trickiest? Why?

What could you do now that you couldn't do before?

What resources did you use? Which was your favourite?

Is there something you need to keep working on?

Things we covered:

Equivalent fractions, fraction walls (remember Humpty Dumpty and folding the paper strips!)

Adding fractions and subtracting fractions (using bar models and number line method)

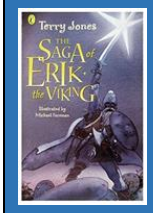
Partitioning into whole and parts

Counting in fractions- fraction number lines

Finding fractions of a number/quantity

Friday 24th April

Guided Reading



Accelerated Reader

Try to complete an accelerated reader quiz once a week if you can. You can check if your books at home are on Accelerated Reader by logging in and searching for them or using www.arbookfind.co.uk

On the school website, there are some useful links in the 'home learning' section to websites where you can read or listen to free ebooks.

Week 3

Topic

Friday 24th April

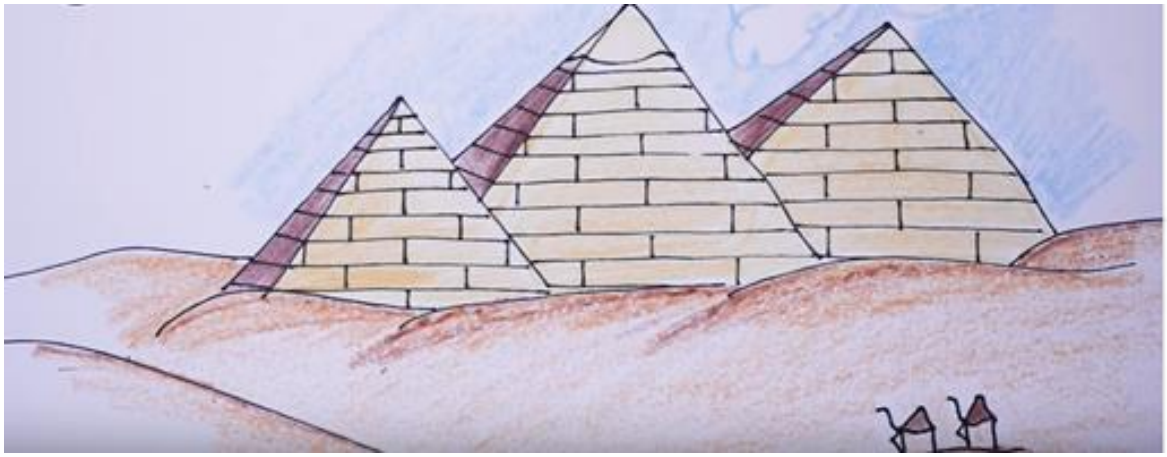
In Art IALT: develop my drawing skills.

We are going to follow along with a you tube tutorial to draw some Egyptian pyramids!

Watch the clip here:

https://www.youtube.com/watch?v=JMiJHGIuMsE

Remember: you can pause it at any time to catch up!



You could take a photo and email it to your teacher!
